Since 1984

Say **Bye!** To

- Split-ends
- Dandruff
- Rough & Dry hair
- Dull lifeless hair
- Thin hair
- Premature Falling & Graying of Hair

In today's trendy, busy & increasingly stressful world, we constantly over process our hair with chemicals, straightening irons and hair dryers, removing natural oils from our hair. The number of women suffering from hair problems is increasing.

Major reasons which hurts your hair are :

- Our hair gets damaged every time we go out in the sun
- Washing hair too frequently, constant combing, using dryers and styling equipments, bleaching, dyeing, perming and straightening all damage our hair.
- Excessive heat, chemical treatments, chlorinated water etc.
- In women major hair problems occur due to hormonal changes most often after menopause, childbirth or using oral contraceptive pills.

Since ancient times, hair oil enriched with herbs like Amla, Henna and Brahmi etc. help in maintaining natural color, health and strengthening the roots.

SESA oil is just the answer to all your hair problems as it is a unique blend of 18 herbs & 5 essential oils processed with Milk. The process of SESA is mentioned in Ancient Ayurvedic Scripture named as "Kshir Pak Vidhi". According to Kshir Pak Vidhi, compound (ingredients) for hair treatment should be processed with MILK therapy for the better efficacy.

SESA Hair Nourishing Oil is enriched with:

BRAHMI Relieves stress, strain and anxiety helping your brain to calm down
