

For mature skin  
40+

ageing can't stop,  
but wrinkles can.

Aging is a natural process and there's no stopping it. But, you don't have to accept it without a fight. You can influence the signs of ageing at any age. Our skin ages as from within the skin, proteins like Collagen and Elastin that bring tone and elasticity start reducing.

Reverse Time  
Age Care  
starts now!

# Anti-Aging Cream

Spinach, Green Tea, Carrot, Vitamin E, Sepilift DPHP, Glycerine

**Green Tea** It is a powerful antioxidant that reduces the free radical damage & tones the skin.

**Carrot** Boosts the cell renewal, collagen and elastin production and protects against sun damage.

**Vitamin E** Reduces the appearance of fine lines moisturise for smooth skin

**Spinach** Prevents cell death, effectively stops free-radical as well as sun damage for wrinkle free skin

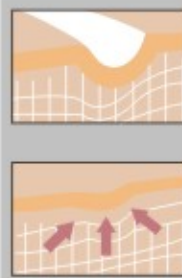

**Sepilift DPHP** Active Triple Firming action that reduces wrinkles, smoothen and rejuvenate skin

Effectively repair's skins natural collagen & elastin layer for reducing appearance of fine lines

Improves skin elasticity and tone from within for younger looking skin

#### Fights all signs of aging:

- Fine wrinkles
- Frown lines (those between the eyebrows) and crow's feet (lines that radiate from the corners of the eyes) appear
- Loss of elasticity and firmness
- Dry skin
- The ability of the skin to repair itself diminishes with age
- Loss of natural skin hydration
- Inability to sweat sufficiently to cool the skin

The appearance of aging, fine lines and wrinkles are scaring you.
